Course Timeline

- Each module has 3 components: Lecture; Lab Exercise; and CPT (Curricular Practical Training).
- Lectures will be available in the Student Portal with the lab exercise.
- CPTs will be live, on Sundays, at 9 am (Brasilia time, GMT - 3).
- CPTs will be recorded and uploaded to the Student Portal.

The date and time of the live lectures may change due to unforeseen circumstances, but the recording will remain available until September 27, 2027.

Academic week: This is a week without new lectures or modules, designed for students to work on their own projects.
